

Padmaja Kunapareddy

Community-Focused Volunteer and Leader

603-930-0390 pkunapareddy@gmail.com

[LinkedIn](#)

Summary

Experienced senior development manager with a master's in Computer Science from Boston University, currently leading IBM's Maximo Engineering Team. A dedicated community leader, serving as president of the Souhegan Valley Rotary Club, a trustee of the Nashua Public Library Board, and a member of the United Way of Greater Nashua Community Advisory Committee. Spearheaded impactful initiatives, including organizing cultural events, leading pandemic-relief efforts such as the New England Maskateers (delivering over 5,000 masks), and coordinating meal distributions for the Nashua Soup Kitchen. Recognized as a graduate of the Leadership Greater Nashua Class of 2022, passionate about technology, baking, and community engagement.

Volunteering Experience

Volunteer

Aug 2011 - Current

****Community Engagement and Volunteer Work****

- Collaborated with Great American Downtown to organize an Indian Independence Day celebration, fostering cultural awareness and community spirit.
- Partnered with Nashua's State Representative to coordinate the 'Diya & Rangoli' ceremony for the annual Holiday Stroll, promoting cultural diversity.
- Baked approximately 100 cupcakes annually for Thanksgiving and Christmas donations to the Nashua Soup Kitchen.
- Led annual Diwali fundraising efforts by selling homemade sweets prepared by Nashua community members and supporting local causes.
- Volunteered with United Way of Greater Nashua to collect and distribute food and feminine hygiene products to those in need.

Member, Board of Trustees

Aug 2018

Active Board of Trustees member at the Nashua Public Library.<https://www.nashualibrary.org/207/Board-of-Trustees>

****Board Member, Nashua Public Library****

- Provided strategic direction and established policies to ensure alignment with the library's mission and community needs.
- Approved budgets, monitored expenditures, and advocated for funding to support library operations and growth.
- Promoted library services and programs within the community to increase awareness and engagement.
- Collaborated with the library director to set goals, evaluate performance, and address operational challenges.
- Reviewed and updated policies to ensure they were current, equitable, and effective.
- Represented community interests and gathered feedback to inform library services and initiatives.
- Supported and participated in fundraising efforts to enhance library resources and programs.

Board Member

Aug 2022 - Current

Serving as a board member for United Way in Nashua.

As a board member, I had several opportunities to serve our community.

I joined the 'Period Poverty' project to assist girls and women. I participated in food and feminine hygiene product drives, sorting items for distribution to various food pantries.

During the pandemic, with funds from UWGN, I worked with 70 volunteers to stitch and deliver facemasks to organizations such as Southern NH Hospital, an adult care center, and the Army Reserve.

Participated in various fundraising events to generate funds for UWGN.

Work

Director, Software Engineering

Upland Software

Mar 2021 - Current

- Led a high-performing engineering team overseeing 3 mobile messaging products and an in-app market offering, achieving \$106 million in revenue.

- Directed a diverse, global team of over 45 professionals across various locations including the US, UK, India, Egypt, and Romania.
- Implemented transformational practices, significantly improving build velocity and product quality through diverse team collaboration.
- Established a new engineering team in India from the ground up for three products, managing recruitment and onboarding effectively.
- Served as Executive Sponsor for key mobile clients, collaborating closely to understand and meet their business needs.
- Represented engineering in strategic planning and design discussions with Product Management and Architecture teams to shape future projects.
- Successfully led a complex migration for over 100 clients' workflows and SMS data from a third-party vendor to our SMS platform, realizing \$500,000 in annual savings.
- Initiated and led the Mentorship Program for Women in Technology at Upland, promoting diversity and leadership development.
- Encouraged community engagement through volunteer opportunities and effective fundraising initiatives for United Way.
- Managed all aspects of product releases, including major and minor updates, to align with strategic objectives.
- Guided Agile development teams, facilitating planning sessions, and promoting process enhancements.

Sr Engineering Manager

Acoustic (Spun off from IBM)

Jan 2015 - Mar 2021

- Successfully led the digital transformation of Product Journey Analytics, migrating from IBM Cloud to AWS Cloud services.
- Oversaw the transition of applications, databases, and single sign-on capabilities to enhance operational efficiency.
- Managed a distributed team of 16, focusing on 3 analytics products and ensuring high standards in Development and QA for the IBM Universal Behavior Exchange (UBX).
- Achieved remarkable scalability, expanding from inception to serve 7,500 tenants and processing billions of events.
- Worked closely with over 100 customers to facilitate successful integrations of UBX.
- Collaborated effectively with Partner Ecosystem and Offering Management teams to drive growth and innovation.

IBM

Jan 2002 - Aug 2010

SR QA Engineer/QA Lead

Polaroid

Jan 2000 - Apr 2002

Education

M.S. in Computer Science

Boston University
Aug 2004 - Jun 2006

Baking

Cake Decorator

Jan 2008 - Current

Baking began as a creative alternative to cooking, particularly for Indian potlucks, where I sought to bring something unique and exciting to the table. While exploring culinary courses, I discovered cake decorating classes at Michaels, which marked the start of an inspiring journey. What began as a hobby soon evolved into a passionate pursuit, blending artistry with culinary skills. Over the years, I've honed my craft, experimenting with diverse techniques and flavors, creating desserts that bring joy to gatherings and celebrations alike. Baking has become more than a pastime—it's a way to express creativity, connect with others, and add a personal touch to special moments.
